IMPROVE YOUR MONEY MANAGEMENT

Enhance your numeracy abilities to effectively manage your budget and personal finances.

WHAT'S INVOLVED?

Sessions include interactive number games that parents can teach their children, e.g. coin and value recognition, measuring ingredients when baking together, rounding up/down exercises and working out weekly/monthly income based on hourly rates when applying for jobs etc. By the end of the training session, participants will be able to calculate best buys when shopping and going to a funfair and explain how to use ratio and probability in family living.
