The Prevent Duty is not about preventing our learners from having political or religious views and concerns but about supporting them to address those concerns or act on them in non-extremist ways.

Steadfast Training Ltd aim to promote British Values in our work and build our learners resilience to radicalization.

Prevent Strategy is part of the Governments Counter-Terrorism and Security Act 2015 (the Act) places a duty on certain bodies in the exercise of their functions, to have “due regard to the need to prevent people from being drawn into terrorism”. This guidance is issued under section 29 of the Act. The Act states that the authorities subject to the provisions must have regard to this guidance when carrying out the duty.

The Prevent strategy was explicitly changed in 2011 to deal with all forms of terrorism and with non-violent extremism, which can create an atmosphere conducive to terrorism and can popularise views which terrorists then exploit. It also made clear that preventing people becoming terrorists or supporting terrorism requires challenge to extremist ideas where they are used to legitimise terrorism and are shared by terrorist groups. And the strategy also means intervening to stop people moving from extremist (albeit legal) groups into terrorist-related activity.

Safeguarding

Steadfast Training Ltd is committed to the safeguarding of all learners. Employers also have a responsibility to the learners they employ.

We understand that this may be of concern to employers and we are committed to providing all employers guidance and support in achieving safeguarding.

As the employer of a learner, it is important that you understand your responsibilities to the learner and what safeguarding means to you.
