

## Level 4

# Early Intervention Practitioner

**TYPICAL DURATION: 18 MONTHS**

### Role Profile

An Early Intervention Practitioner is responsible for identifying and sourcing the right intervention at the right time in an individual's life in order to achieve mutually agreed outcomes. They work in a number of different environments within the community depending on the types of individuals they are supporting and may visit an individual in their home environment, or meet in a neutral location of the individual's choosing. Early intervention work involves identifying risks, focusing on the voice of the individual and building relationships and trust with the individual and their wider network, in order to provide timely, flexible and effective support.

### Typical Job Roles

- Assistant senior care worker
- Childrens centre worker
- Early intervention advisor
- Lead reablement worker
- Family support worker
- Community worker
- Violence prevention worker
- Assistant social worker

### Course Content

During their apprenticeship, individuals gain the knowledge and skills to identify and assess early intervention needs, working closely with individuals, families, and multi-agency professionals to provide effective support.

Apprentices will develop skills in case management, partnership working, problem solving, and reflective practice, while ensuring all documentation and processes meet organisational, legal, and quality assurance requirements.

### Apprenticeship Assessment

This Apprenticeship has 2 assessment methods.

- Presentation with questions
- Professional discussion underpinned by a portfolio of evidence

### Additional Requirements

English and maths qualifications must be completed in line with the apprenticeship funding rules

### Progression Routes

- Leader in Adult Care
- Degree Pathway
